"I love SwimLabs because when I get in the tubs, the instructor can focus on me and what they would like me to concentrate on without worrying about other things going on. I like to be able to learn stuff in a short amount of time, which allowed me to get better quickly and join their swim team! Thank you!" – **BAILEY (10 YEARS OLD)**

"We have had an excellent experience at SwimLabs with the warm water and fun and professional coaching. My kids have improved so much faster here than they ever did at the recreation centers. I also appreciate the feedback my kids and I get on their swimming." – **AMY G.**

"Very professional and qualified coaches giving instruction and confidence that is appropriate to the child's level. Significant improvements in short amount of time. Not your typical swim lesson.... much much better!" – **ANGELA F.**

Learn to swim safer. Faster.

If kids can see how to swim, they'll learn how to swim safer, faster.

SwimLabs® Swim School is a proven, highly successful way for children to quickly learn to swim correctly and safely. We know kids learn by seeing. So our innovative technology includes instant video feedback and mirrors on the bottom the pool, so new swimmers learn the correct technique and apply what they learn instantly.

A swim lesson should be fun, not intimidating.

Warm water and small current pools help children discover confidence and joy in the water without the fears and distractions that can come with large, crowded swim classes. Our instructors are life-long swimming experts who are right there beside your child throughout their lesson.

You'll have a front row seat to seeing them become water safe.

At our swim school, you'll get to see their learning take place right before your eyes on our video screen, so you'll know what they should be practicing between sessions. Seeing themselves on the screen is a big motivator for even the smallest swimmers.

SMILES + SAFETY

All of our coaches are SwimLabs and CPR certified.

LEARN TO SWIM:

WARM WATER

SWIMLABS INDOOR POOLS HAVE WARM WATER BECAUSE SHIVERING NEVER HELPED ANYONE LEARN TO SWIM.

SMALL POOL

OUR POOLS ARE SAFE, COMFORTING, AND WELCOMING, AND INSTRUCTORS CAN EASILY FOCUS ON STUDENTS AT ALL TIMES.

INSTANT VIDEOS

EVEN THE SMALLEST SWIMMERS LEARN BY SEEING THEMSELVES ON VIDEO FEEDBACK.

ULTIMATE SAFETY

WE TEACH THE CORRECT SWIMMING TECHNIQUE, HELPING KIDS BECOME WATER SAFE FASTER.
