

MISSION MATH UTAH

WINTER CAMP

December 27-December 30, 2017

WHAT?

Mission Math Utah, a local student-run nonprofit organization, is hosting our annual Winter Math Camp for children around the community. At our camp, we integrate engaging activities and games with applicable mathematical concepts, formulating a love for math in all children, regardless of age or mathematical skill level. Every student receives a certificate of participation and recognition.

WHO CAN PARTICIPATE?

Anyone between 2nd and 8th grade who is interested in competition math or math in general is encouraged to register! We will be separating groups by age and skill level and creating a collaborative environment.

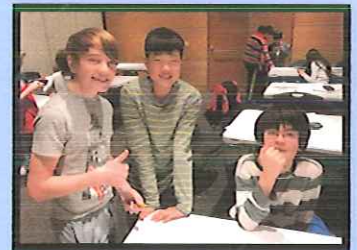

WHEN/WHERE:

Wednesday, December 27 – Saturday, December 30.

Salt Lake Public Library

Time: 9am-1pm (Schedule is on our website).

COST: \$50/student (Snacks, Prizes included) Profits are donated to support local Math and Science Organizations. **Registration is limited to 10 students per grade, so sign up now!**

WHO WILL BE TEACHING?

Our Camp will be instructed by the top High School Math Students in the State of Utah. All teachers have competed at the National Level for Mathematics and have won multiple awards. Among our staff are United States Junior Math Olympiad Qualifiers (USAJMO), American Invitational Mathematics Exam Qualifiers (AIME), National Mathcounts Coaches, and Utah State Math Contest Winners. Our curriculum has been formulated by top mathletes who have taught at different math camps and love working with children.
