

LEGO Engineering Summer Camps **at American Preparatory Academy** **11438 S. Lone Peak Parkway (Draper)**

Kids are already naturally gifted creators. Then they get added inspiration from our specially trained instructors. They dive into our massive collections of LEGO®. And while they build elaborate objects, structures and vehicles, they explore fundamentals principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long lasting.

July 16 - 20

9:00am - 12:00pm

Intro to STEM w/LEGO
