SEPTEMBER BUILDER THEME: "I am a builder when I build with enthusiasm!"

This month, we are focusing on being enthusiastic and showing enthusiasm. As quoted from our Parent-Student Handbook:

Enthusiasm

Enthusiasm propels one on to greater effort. Enthusiasm makes work enjoyable and provides encouragement for others to put forth increased effort. It is the responsibility of every member of the American Prep community to bring enthusiasm to their work and to their associations at school.

"Enthusiasm is one of the most powerful engines of success. When you do a thing, do it with all your might. Put your whole soul into it. Stamp it with your own personality. Be active, be energetic, be enthusiastic and faithful, and you will accomplish your objective." Ralph Waldo Emerson

Something we do at each of our elementary Show What You Know Assemblies is what we call a sound-off. This action itself creates great enthusiasm. Here is one of our sound-offs:

We're the school called APA
Enthusiastic all the way
If things look tough, don't quit or pout
Enthusiasm will knock it out!

We'd like to thank all of our students, parents, and staff for the enthusiastic start to what will continue to be a great school year!

APA is HIRING!

APA has a few open positions for instructors and substitutes. APA provides all training. No college and no license required. We would love for you to refer your friends to apply. Please follow the link to get started. americanprep.org/careers
